RJC HIGH SCHOOL COURSE SELECTION GUIDE 2026-2027
Grade 10

RJC High School follows the curriculum established by the Government of Saskatchewan.

- A full timetable at RJC High School is twelve courses.
- Students not scheduled for a class will be assigned an Academic Prep (AP). Attendance at an AP is mandatory and students are expected to be completing schoolwork during this time.
    - APs are only available for Gr. 11 and 12 students. Gr 11 students may register for 1 AP per semester. Grade 12 students may register for 1 or 2 APs per semester.
    - RJC students must participate in a minimum of 4 RJC classes per day.
- Arrangements for non-RJC distance learning classes must be made in consultation with the vice principal.
- Not all electives may work within your schedule, nor may they be offered, depending on student interest and teacher availability.
- Students' final timetable will be reviewed at registration day during a meeting with students, parents, and administration.
- ***RJC Compulsory Courses*** include courses required by the Saskatchewan Ministry of Education, as well as those required by RJC High School.
- ***Recommended Courses*** include courses with community significance in which all RJC students are strongly encouraged to participate.
- Students that have already completed a compulsory credit do not need to retake the course.
- **Period 6 Electives** are typically arts-based courses that helps students develop their creative, expressive, and musical skills. Some courses are semester long, while others run all year.

For complete information regarding Saskatchewan graduation requirements, please visit the Ministry of Education website.

If you have questions about our curriculum requirements, our vice principal, Karalee Kuny, can be reached by email at karalee.kuny@rjc.sk.ca
